Informational Item: Crow Island Furnishings

TO: School Board
Trisha Kocanda

FROM: Brad Goldstein, CFO

August 21, 2018

Overview & Background

The District has several pieces of Crow Island historical furniture to store that have historical significance. Some of these items may have significant value as well. We do not have the ability to store safely in our schools due to humidity and temperature requirements.

We started to look at storage in a temperature controlled environment, but with no plan to utilize this furniture at this point this could be costly. We consulted with the Stewardship Group as well. VS America was made aware of the status of the furnishings by Julie Pfeffer and has offered to store the items on permanent loan per the attached agreement.

They currently have some items on permanent loan from us already, the attached agreement would formalize this current loan. We continue to be grateful that we have a wonderful partner in VS America that continues to provide a valuable partnership with the District.
