Dear Friends,

Thank you so much for your \$1000 contribution to CUMAC's end of year appeal. Your gift is going to work *immediately* to help families and individuals in their hour of need. It is also allowing CUMAC's leadership to strategically plan our work, providing a foundation from which we can foster the greatest possible outcomes for our community in the months and years to come. With your help, many people are experiencing healthier todays and looking toward a brighter tomorrow. For that we are so grateful.

CUMAC's efforts to provide healthy food and resources in the pantry are helping grandmas like Mary. Mary is in her 60's living with diabetes. Thanks to the fruits and vegetables Mary receives in our pantry, she's able to stick to a healthy diet and manage her illness even on a fixed income. "It helps with my grandkids too" she tells us. "They love the apples and oranges."

Amber recently left CUMAC's Pathways to Work program for an AmeriCorps position and shared her experience with us, saying "CUMAC getting to know me on a personal and professional level helped me so much, and gave me confidence to want to do better. I was pushed to do a resume, to send out applications, to look for new opportunities and that really kept me motivated. CUMAC pushed me to apply, apply, apply. I never had a mock interview before and here I had three mock interviews before my real interviews so I felt more than prepared for them." Recently Amber bought her very first car and paid off her student loans for good, two important steps toward her goal of going back to school for a degree in education.

With your investment, CUMAC is working toward big and exciting goals for our agency, goals that will make success stories like these possible for all we are called to serve. We are extremely grateful to count you as a friend to our mission and clients, for together we are changing many lives.

Warm Regards,

Stephanie Ames
Director of Development
