**JAIME PINAIRE** 

The James A. Pinaire III Foundation was established in memory of Jaime, a beloved son, athlete and teacher at the Robert Treat Academy who passed away in 2014. The Foundation's mission is to raise scholarship money to help students with financial need. Robert Treat Academy graduates regularly get accepted to prestigious boarding and private high schools in the northeastern region of the United States. Although many scholarships are awarded and financial aid is received, the money is not always enough to cover the full tuition. The Foundation bridges that gap and ensures that students don't miss out on this life changing opportunity. The Foundation also provides scholarships to Chatham High School graduates with financial need who plan to attend college to pursue teaching or a math related major.
