Dear Friends,

Thank you so much for your \$1000 donation, which will be used to allow CUMAC to continue helping families build self-efficacy to live better lives. CUMAC's team works hard to understand how stress affects the body and mind in order to best assist those who seek our services. Ongoing stress can make your brain seem foggy, you may feel bloated or uncomfortable, you may start to lose your hair, your digestive system will not work correctly and much more.

CUMAC's assistance with food and basic necessity distribution can lower stress that families we serve experience. With lack of money often comes lack of choice but everyone deserves to choose what goes into their body, which is why our choice Marketplace is so important. It gives power back to our community; giving them healthy, culturally appropriate food that their families want to eat. Assisting with food distribution and healthy choices can lower stress families experience by allowing money that would have been spent on food to pay for other necessities. Your support is appreciated and needed to continue empowering this community.

Warm Regards,

Afton Goriscak
Volunteer Coordinator

*Thank you for your
continued support of
our mission to feed
people and change
lives!*
