

# OPL presents

## I ♥ Art: Mary Cassatt

Mary Cassatt (1844-1926) was an American painter and printmaker. She was one of the leading artists in the Impressionist movement of the later part of the 1800s.

### Supplies:

white paper, tempera paint, paintbrushes, pencil or craft stick, waxed paper

### Note:

You can use a cookie sheet instead of waxed paper. Carefully clean the paint off to make another print and when you are done.

### Instructions:

1. Paint your picture directly onto the sheet of waxed paper (or cookie sheet).
2. Using the pencil or craft stick, scratch lines into the painting.
3. Place the white paper directly on top of the painting on the waxed paper. Pat it gently all over.
4. Starting in one corner, carefully lift the paper off the paint. Allow the painting to dry.

Congratulations! You have successfully created a monoprint.

Monoprinting is a form of printmaking that allows you to create unique, freeform printed images every time.
