

# April is...

# National Poetry Month

## Magnetic Poetry

**Don't have any pre-made magnetic words at home to make poems on your fridge? No problem. It's easy to make your own. Here's how:**

## Supplies:

- ❑ Paper
- ❑ Printer (optional)
- ❑ Magnetic sheet (optional)
- ❑ Scissors

## Directions:

- ❑ Download and print this [list of words](#) (if you can't print them, you can simply write your own list of words on a sheet of paper)
- ❑ Attach a magnetic sheet to the back of the words list (if you don't happen to have a magnetic sheet lying around your house, skip this step and create your poems on a table, a desk, or any flat surface)
- ❑ Cut each word out
- ❑ Now you can arrange the words into a poem. Go ahead and have fun!

**We'd love to see what you create. Share with us by posting a photo of your poem on the library's [Facebook page](#).**
