

## Carlos Centeno

Carlos joined Turnstone Custom Homes in 2011. Carlos is the one that everyone loves to see coming to their home because they know that whatever the problem is, it's about to be fixed right - the first time. Carlos is quick with a smile, and genuinely interested in what's going on with you, your family and your home.

Today, Carlos manages all of Turnstone's warranty and punch out work, and also assists with supervision of all facets of residential construction. He is a craftsman, a gentleman and a selfless team member, and

Turnstone is lucky to have him as part of our team.

Carlos lives in Lewes with his wife Patti. They are celebrating their 35th wedding anniversary on Feb. 14th. In his spare time, he likes to cook, garden and tinker in his shop. Carlos is a family man and enjoys doing as much as possible with them.
