

## Michele Carey

Michele joined Turnstone Custom Homes in 2015. She is usually the one that directs your incoming calls or greets you at the front desk.

She takes her sometimes-hectic job seriously, but never makes anyone feel rushed. She also gets involved in solving the day-to-day problems that inevitably crop up and helping our people and our clients get things done, every day.

Michele is married to her husband David. They have 20-year-old twins, Ryan and Rachel, who both attend the University of Delaware. In her spare time, she likes to garden, travel, cook, read, go to the beach, go to the gym and spend time with her family.

Our clients know that Michele is always willing to go the extra mile. She has been a terrific addition to the Turnstone team!
