

Grazing & Range Management Online Workshop

This online workshop will teach landowners and land managers how to apply rangeland management fundamentals, including fuels management via grazing, types of grazing animals, weeds, soils, water quality, and funding resources will be discussed.

Saturday, March 15th
9:00 am -1:30 pm
on Zoom

The lead presenter will be Roxanne Foss, who is a Senior Ecologist and Certified Rangeland Manager (#M128) who has worked in ecology and range management for over 15 years in consulting, academia, and as a land manager across California's landscapes. Roxanne holds a M.S. in Rangeland Management, Graduate Certificate in Geospatial Information, Science and Technology, and a B.S. in Conservation and Resources Studies with minors in Forestry and Spanish from UC Berkeley.
