

COVID-19-RELATED SAFETY MEASURES

At the Miller Art Museum, the health and safety of our volunteers, visitors, and staff is our top and utmost priority. Be assured that we will strive to ensure a clean and safe work and viewing environment for the health and safety of our community and to limit and mitigate the spread of COVID-19. While we are committed to these enhanced safety practices, there remains an inherent and elevated risk of exposure to COVID-19 in any public place and any place where people are present. The Museum has, and will continue to follow recommendations and guidelines set forth by the Door County Public Health Department, Wisconsin Department of Health Services, and the Centers for Disease Control and Prevention in all decision-making.

We appreciate your cooperation in reading thoroughly and following the new protocol in advance of visiting the Museum. *Due to the fluidness of circumstances and guidance related to COVID-19, these guidelines/procedures may be altered.*

NEW MUSEUM PROTOCOL + SAFETY PRACTICES

What we're doing to keep you safe:

- Hours have been limited; new hours effective as of July 27, 2020 are:
 - Monday: 12 – 7pm
 - Tues – Wed: CLOSED
 - Thursday: 10am – 5pm
 - Friday: 10am – 5pm
 - Saturday: 10am – 1pm
- A touchless hand sanitizing station has been added to the museum entryway for use when entering and exiting the Museum.
- Face coverings are required for all in the building at all times.
- To minimize contact with surfaces, the Miller Art Museum has temporarily eliminated hands-on art activities for children and furniture along with literature has been removed from all galleries.
- Increased sanitization of high-touch surfaces, such as elevator buttons, door handles, stairway handrails, desk drawer handles, counters and other surfaces that people often come in contact with; these areas will be cleaned twice throughout the day.
- Limits on the number of people allowed in gallery spaces and all other areas of the Museum. We are limiting occupancy to a maximum number of 12 individuals.
- Temporary pull handles have been installed over door knobs to frequently used doors to reduce the need to touch these surfaces.
- A Plexiglas barrier has been installed to reduce possible transmission between Museum staff and visitors at the reception desk.
- Floor signage has been installed to remind visitors about maintaining proper physical distance of a minimum of six feet.
- Signage has been located at the entrance to the Museum in order to educate the public about signs and symptoms of COVID-19 and how to prevent it from spreading. Additional signage is displayed at other areas throughout the Museum to remind visitors of social distancing and face coverings. Miller Art Museum staff may ask any visitor(s) not abiding by these guidelines to exit the Museum.
- The Miller Art Museum is working to stay up-to-date with guidelines and recommendations from local and federal health authorities, ensuring the museum is prepared to take appropriate action on the evolving situation surrounding the COVID-19 pandemic.
