LTC GUEST SPEAKER: MEGAN SMYLIE

Our Guest Speaker this month is Megan Smylie, the Sea Otter Program Manager at the Aquarium of the Pacific! She showed cute sea otter videos she's taken, spoke about her career path, and walked us through her daily duties. Megan also gave great advice to our teens, "It's okay not to be perfect, but it's important to try your hardest. Give yourself some grace." We loved having Megan at LTC!

SPRING EGG HUNT

Our club celebrated the start of the Spring Season with an egg hunt! Boys and Girls Club of Buena Park kindly donated eggs filled with candies! Our members ran around the field searching for eggs, checking every hiding spot! Within the eggs, there were candies, coupons for free art supplies, and little squishies! Our teens loved running around and collecting as many eggs as they could find. This was such a great way to bring in the Spring season!

PROGRAMS

Teen chef has been a program that is very loved by our teens! Our teens have been able to make a variety of dishes and have recently made steak and twice-baked potatoes!

Another great program we have at the Teen Center is Chess with Owen! A volunteer comes and teaches our members how to play chess. As shown in the photo, our members and staff become very invested in the game!
