

FUHS PTSA invites all parents, students, and community members to join its Parent Teacher Student Association for only \$10 per member. Our students' success is aided by a team effort between school, students and parents. When you join PTSA, you will not only benefit your student and help FUHS, but you join forces with nearly 6 million people nationwide who share your interest in issues affecting children. The large membership of the PTA organization gives it a powerful voice on issue our young people at both the state and national level. Fullerton Union High School's PTSA provides means for families to get connected to the school community and support our students and staff.
