

## Monthly Meeting Local Climate Action Groups & Networks (CANs)

**Thursday, January 19 | 6:30 PM – 7:30 PM**

**[Register here to receive the Zoom link](#)**

Join the Climate Collaborative and your fellow climate leaders and activists from around Cape Cod and the Islands for our regular Monthly "CAN" (Climate Action Networks) meeting. this meeting if you:

- Are concerned about climate change and looking to organize a group in your town to explore what can be done at the local level?
- Already have a group and working to organize yourselves, define goals and attract new activists?
- Have a group that's been up and running for a while and you're wondering what to do or where to go next?

We'll hear from towns who've successfully launched climate action groups, towns that are in the "fledgling" stage, and towns somewhere in between. If you've been thinking about getting residents in your town organized to start taking climate action, this meeting is for you!

This month, we'll focus a topic that every one of us has encountered at some point: from around the Cape and Islands: *Getting Organized and Getting Going*. We'll explore the opportunities and challenges in bringing together community members concerned about climate change.

And of course, we'll have time to share our news, events, experiences, successes, challenges and lessons learned, as we learn with and from each other.

Please come and join the conversation!  
**All are Welcome!**
