**SEUALG/ SEUEDD Emergency Loan Program for San Juan County and Monticello**

The purpose of this loan program is to provide financial relief to small businesses in San Juan County and Monticello that are likely to experience a decrease in business due to an unforeseen emergency. These funds will be made available through the Revolving Loan Fund (RLF) that has been established prior to this.

The program is intended to help businesses retain their employees and remain financially stable during a time of economic hardship. The loans provided by this program are intended to bridge the gaps for what may be a shortened financial hardship period.

Southeastern Utah Association of Local Governments (SEUALG) and the Southeastern Utah Economic Development District (SEUEDD) intend to provide as much financial assistance as is feasible, but loan approvals will be limited by the funding that is available during this high-volume application period.

SEUALG/ SEUEDD is encouraging businesses to apply for this funding in order to help them make payroll, pay bills, and maintain their general operations to the furthest extent that is allowable.

Applications to receive funding from the Emergency Loan Program will be accepted starting April 1, 2020. SEUEDD will only consider complete applications only. Applications will be reviewed based on the criteria below.
