

Charlie Grimm, BAC Transportation West Region Candidate

Bio:

I founded BAC in 2000 and knew nothing about chauffeured transportation other than the operators I rented limos from lacked standards. I thought I could do it better so that is what I set out to do when I bought my first 2 limos and a 20 passenger bus from JJ Bell in Las Vegas.

Since then I have grown the company in to a multifaceted business that has withstood many tests including the current Covid-19 challenge.

Reasons for Wanting to Serve on the NLA Board:

The NLA is an organization I love because it's at the heart of what I have spent so much of my life cultivating, and growing in (the chauffeured car service). I am in a position that I have reduced my schedule to serving on only one board and have the availability to serve my fellow industry comrades and share the things I have learned to help raise up those around us in this industry.

One of my superpowers in connecting people and I am happy to use that in the capacities that the board has need. On my previous board appointments I have held many positions and been a part of many committee's so my experience is vast.
