

## **Mike Barreto, Metropolis Passenger Logistics**

### **Northeast Region Candidate**

#### **Bio:**

I am a second generation operator that has always been a forward thinking, outside the box view as an operator. I have held several partner, co-owner, sweat equity positions as well as senior management with some very large chauffeured service organizations. I

110% believe that education and inclusion is so important to share amongst all operators. My goal is to assist fellow operators and share my secret sauce so they can elevate their level of services!

#### **Reasons for Wanting to Serve on the NLA Board:**

My platform is to unite old school operators with new school operators while embracing and addressing the need to unify all industries who have for many years not been 100% included as equals in the industry including minority, foreign born, and LGBTQ members. I also feel that the NLA needs to address its public appearance through re-branding and identifying itself as a global presence and not a national association.
