Download Instructions

The PBS App is available for download on select streaming devices. Once it's installed on your streaming device, follow the instructions below to activate the app.

Once you've downloaded the PBS app to your device, return to the device's home screen and select the PBS app icon to open the app.

If you still need to activate the PBS app, a screen will prompt you to do so. Select the **Activate Now** button.

Activation instructions will appear on the screen along with a 7-character, alphanumeric activation code.

Every device has its own unique code, so double-check your device's code before proceeding.

For Step 1, you will need to use a mobile device or computer to visit [PBS.org/activate](https://pbs.org/activate) or use your smartphone's camera to scan the QR code on the TV screen to be taken directly to [PBS.org/activate](https://pbs.org/activate).
