LEGISLATIVE EFFORTS

We are your voice in Carson City. The NVSSA makes sure to keep up with legislative issues in the state. **In 2019, an insurance bill signed by Governor Sisolak.**

The NVSSA, together with the national SSA, is working hard this year to introduce lien law reforms designed to benefit it both operators and tenants alike in Nevada. We hope to explore modernizing your state lien laws in order to add notification and advertising options during the lien process along with vehicle lien.

The majority of our members are family owned and operated businesses. Our focus is providing them with quality education, networking opportunities and the tools necessary for continued success.
