

## CLAIRE GIRARDOT (continued)

### **Best advice you ever received.....**

- Be kind to everyone because you never know what they are going through.
- While you can't control other people's actions, you can control your reactions to them.

### **When I get my first paycheck, I will...**

- Probably put in the bank and save for a car.

### **What would your SSPP friends/teachers be really surprised to know about you now?**

- I still keep in close contact with many of my SSPP friends so they wouldn't be surprised by much.

### **By the time I'm 40, I hope I'm.....**

- Seems so far off. I hope I'm doing something meaningful and am just as happy as I am now.

### **Is it easier or more of a challenge to express your Catholic identity at this point in your life?**

- Going to a Catholic University and being surrounded by many others who share a that faith/identity has made it easy to express and grow.

### **What are your interests when not working: i.e. hobbies, interests, sports, etc.?**

- I've done five half marathons so I like to run, catch up with friends, and read fiction, non-fiction, and poetry.

### **What will be the most difficult thing to learn once you start working?**

- I think it will be a big lifestyle adjustment, going from a college schedule to a work-life schedule.

### **How do you see yourself contributing to society?**

- I think volunteering is a good way to give back to society, so hopefully I will find an organization after graduation that fits my talents/interests where I can volunteer and contribute to the community.

**What motivates you?**

- Learning new things and realizing the world is my oyster!

**I will consider myself a success in life if.....**

- I can change someone's life for the better
