

**Daniel Thiry**
Managing Principal
Revenue Cycle Solutions, LLC
dthiry@revenuecyclesolutions.com

Mr. Thiry has over twenty-five years of experience in healthcare finance. He spent twelve years directing revenue cycle and finance functions in large teaching hospitals and health systems as well as mid-sized and urban hospitals. Prior to becoming a founding Principal at Revenue Cycle Solutions, he served as Chief Operating Officer with an established healthcare financial services company. He is certified as a Patient Account Manager by the American Association of Healthcare Administrative Management and has been a featured speaker at HFMA, AAHAM and Hospital Council organizations. With experience that is both broad and deep, Mr. Thiry speaks to the latest issues regarding revenue cycle optimization, KPI report development, financial assistance programs, managed care contracting, and denied claims management. He has written and contributed to articles for The Receivables Report, Health Data Management Magazine, AAHAM and the Healthcare Advisory Board. Mr. Thiry is a graduate of Robert Morris University with a Bachelor of Science degree in Finance.
