

Bruce Calvin Speaking at HR West 2019

The HR West Conference announces that Bruce Calvin will be speaking in March 2019 on the topic of “Interdepartmental Partnerships: The Lifeblood of HR”

In this session (March 11 – 1 pm), HR Professionals will learn how building interdepartmental partnerships can benefit both HR and their organization. While HR plays essential roles and provides many critical services to their organizational clients, HR doesn't fully own those services. Therefore, HR must be the driver of these interdepartmental partnerships to ensure its ability to effectively promote and achieve its goals along with demonstrating the flexibility to adapt to shifting organizational goals. My session's theme is based on my recent book which outlines, for HR Professionals, avenues for opening and building a personal style, directed approaches to partnership building and the positive development of mutual respect, trust and yes, inclusion. Fans of Bruce get \$100 off conference registration when they use promo code [PRESENTER19](#).

March 11-13, 2019 will bring three days of professional development, insightful discussions, networking, and practical tools for attendees to take back to their workplaces. Attendees create their own attendee experience with more than 80 concurrent sessions (most for HR recertification credits) to address specific professional and organizational needs.

As the premiere HR conference on the West Coast, the HR West Conference selection committee receives hundreds of speaker proposals for the concurrent session slots and scores them based on the conference's prestigious criteria. Bruce Calvin was selected in a highly competitive speaker proposal selection process.
