

The Division of Local Assistance's Office of Environmental Compliance is excited to introduce a new and improved Pilot Preliminary Environmental Study (PES, LAPM 6-A) Form. This updated version includes enhanced capabilities such as smart logic and streamlined inputs for environmental scoping designed to simplify environmental documentation and improve project clarity.

PILOT PES OFFICE HOURS

WITH JONATHAN OSHALIM: SENIOR ENVIRONMENTAL
SCIENTIST (PROJECT DELIVERY COORDINATOR)

Learning objectives:

- Learn how to accurately complete the new Pilot PES Form.
- Explore its new features and smart logic enhancements.
- Understand key differences between the Pilot PES Form and the previous Exhibit 6-A.

JOIN US TO ASK ANY QUESTIONS ABOUT THE FORM AND RECEIVE HANDS ON TRAINING WITH THE NEW PES FORM THAT IS AVAILABLE NOW!
