

## Nursing Research Partnership

### Premium Mentorship for Organizations Advancing Nurse-Led Research

Many organizations recognize the importance of nursing research but lack the internal infrastructure, bandwidth, or dedicated nurse scientist needed to fully support it.

The Nursing Research Partnership provides organizations with direct access to experienced nurse scientist mentorship to guide, strengthen, and advance nurse-led research initiatives while supporting scholarly dissemination aligned with the expectations of Magnet®-designated and Magnet®-aspiring organizations.

Structured as a premium annual engagement, this partnership allows organizations to access expert research guidance throughout the year while building internal scholarly capacity and confidence.

### The Nursing Research Partnership Supports

- Refining nursing research questions and study design
- Guidance on methodological rigor and feasibility
- Mentorship for nurse-led research initiatives
- Consultation prior to IRB submission and regulatory readiness
- Distinguishing research, quality improvement, and evidence-based practice projects
- ...and More!

## A Flexible, Retainer-Style Engagement

The Nursing Research Partnership is intentionally designed as a collaborative, customizable annual engagement.

At the beginning of the partnership, organizations meet with our team to identify research goals, priorities, and opportunities. From there, the organization drives the schedule and focus areas, accessing guidance and mentorship throughout the year as needs evolve.

Support may be provided virtually or on-site, depending on organizational goals.

Because of the depth of engagement, partnership availability is limited.

## Outcomes & Impact

The Nursing Research Partnership Supports:

- Strengthening nurse-led scholarship
- Increasing methodological confidence
- Advancing dissemination of nursing knowledge
- Supporting Magnet® and professional practice expectations

The Nursing Research Partnership is ideal for organizations that:

- Want to advance nursing research but do not have a nurse scientist role
- Are seeking expert mentorship to strengthen internal research capability
- Want to support nurse-led scholarship and dissemination

Let us help you be successful!
