

SHARED / PROFESSIONAL GOVERNANCE PACKAGE™

A solid foundation of shared governance principles and practices is essential for your organization to implement and sustain an effective shared governance system. Our clients range from those beginning a shared governance journey to those who are redesigning their current structure. Our Shared Governance Package provides the foundational work and ongoing support your shared governance needs to thrive. This package includes a minimum of four consulting days plus a customized assessment and results report.

Shared/ Professional Governance Assessment (up to 100 participants)

This assessment evaluates the current status of your shared governance structures and processes in comparison to shared governance best practices. Our experts then analyze and summarize your organization's results in a written report so you can utilize the results and design subsequent education based on our findings.

Shared/ Professional Governance Strategic Planning

Spend a day with our experts designing structures and processes that support the next generation of shared governance in your organization. We will review strategic priorities and set goals for the upcoming year.

The Leader's Role in Shared/ Professional Governance Culture Workshop

This interactive one-day workshop focuses on leadership practices to maximize staff success as they operationalize shared governance.

How to Succeed as a Shared/ Professional Governance Council Workshop

This one-day workshop prepares staff to maximize their success as they operationalize shared governance, and provides council members with skills in team leadership, communication, consensus decision making, and using data to drive decisions and practice.

Resource Bundle

Includes *Shared Governance That Works* books, list of reference articles, Annual Goals Report template, and webinar.

Shared/ Professional Governance Progress Check

One of our shared governance experts will spend two or more days with you onsite facilitating shared governance progress checks, attending your council meetings, and addressing adherence to structure and process.
