

- AP Digital Exam App - College Board made a few upgrades to the app for digital exams. Students taking the digital exam need to download and install the new version. The new/updated AP Digital Exam App is in the software center. However, if students already downloaded it, the app will not be visible in the software center.
  - For school devices AND app NOT previously downloaded - Do this: Go to the software center to download the app. Directions/screen shots attached.
  - For school devices AND app WAS previously downloaded – Go to <https://download.app.collegeboard.org/>. Click the link to download

The new version will install on top of the old one. No administrative privileges are required.
