## 2020-2021

St. Albert Nutrition Service (www.sansvs.com) recognizes the impact that school nutrition has on the academic and overall well-being of a child. As an essential service, we continued high-level food distribution operations throughout the COVID-19 outbreak during the school year and into the summer.
As we begin preparing for the coming school year, it is critical that we provide uninterrupted and consistent nutritional support to our students. Because of this, our programs will continue to follow the local and national safety and operation guidelines for schools and food service industries.
To reduce touch point transactions, change will not be given in the lunch line. Any cash received at the time of service will be deposited in the student's lunch account.
