

The Burton L. Roslyn, FAIA Memorial Scholarship

The AIA New York State (AIANY) Emerging Professionals Committee has developed a scholarship program to encourage participation in the Architect Registration Examination (ARE). This scholarship is intended to recognize Associate AIA members in New York State who have made significant contributions at an early stage in their careers to the profession and to encourage their pursuit of licensure.

The Scholarship is in recognition of Burton L. Roslyn, FAIA, who spent much of his career mentoring, and educating emerging architects. In his role as educator at New York Institute of Technology and as a Professional, he trained, mentored and educated his students, emerging professionals and peers all with the vision of elevating the Architect's role in creating the built environment. As an active member of the American Institute of Architects, he served in many roles as an AIA New York State Director; Secretary; Vice President Government Affairs; and President of The American Institute of Architects New York State in 2009. He was a member of the AIA New York Chapter and served as a Director of the Chapter. He was elevated to the College of Fellows and elected to a three-year term as a member of the National Board of the Institute.

Scholarships are awarded based on both a demonstration of financial need and the merits of the individual's contributions to the profession, his/her community and/or the AIA.

A jury composed of distinguished professionals from the AIANY Board of Directors, the AIA College of Fellows and NYS Emerging Professional Leaders will select the recipients based on the criteria below.
