

Salt Lake City Marathon

While in Salt Lake City for the MSGRC Annual Meeting, MSGRC Project Manager Marilyn Brown took the opportunity to participate in the 5k portion of the Salt Lake City Marathon on April 22, 2017. Marilyn entered more for the views of downtown Salt Lake City than to race, but still managed to place eighth in her age division. The early morning views of downtown were fabulous and she was even back by 8 a.m. for the Annual Meeting's Collaboration Cafe!
