

The First Unitarian Church Social Justice Committee and The First Unitarian Church Investment Committee jointly present:

Socially Responsible Investing for Our Church and for Our Lives

The UUA and the First Unitarian Church of Rochester have both taken steps to invest their endowment funds in ways that are healthier for our society and our planet through Socially Responsible Investing.

You are invited to a presentation to learn what the church is doing, and what you can do in your own investment accounts, including retirement accounts, to enable your assets to reflect your values.

Annie McQuilken, MS, CFP®, is a church member, a member of our Investments Committee and a fee-only financial advisor with Forever Financial Advisors in Fairport. As a Certified Financial Planner, Annie has decades of experience in advising clients on investing in accordance with their goals *and* their values.

When: Sunday, October 29, 2017 12:30pm

Where: First Unitarian Church, 220 Winton Rd S, 14610

Come and bring a friend to this free, open presentation that just might inspire you to creatively use your resources to meet your personal needs while also creating a better society and more habitable planet.
