We have continued to onboard new commission members as well as set up the commission for success in 2021. We are excited to have invited ecumenical partners onto the commission in an effort to broaden our conversation and potential for future partnership. One of the ways we have done so is to develop work teams within the commission so that commission members lean into the areas that are of most interest to them. These areas include: New Church, Innovation, Transformation, and Affiliation. We also set up a shared Google folder so that commission members have ready access to the working documents that record and guide our work in the region. We submitted our 2021 budget that was approved by the Finance Committee. We also look forward to supporting our church planter with a monthly stipend beginning January 2021.</p>
