Example of notification/instruction:

Please visit their direct website if this information applies

To maintain a sound exemption program, the Jackson County Assessment Department carried out an administrative review of all real property parcels with an exempt status. Notices were sent out starting in July of each year and, as a good faith effort, additional reminder letters were sent near the deadline for submission.

We understand that this change in policy may not have been clearly understood by some organizations until receipt of a tax bill. The 2020 Tax bills will be mailed out in the next few weeks. Jackson County Assessment would like to extend a second opportunity for review of your taxable status for 2020.

For your account(s) to be reviewed for a 2020 exemption please complete the exemption application that can be found online at
<https://www.jacksongov.org/DocumentCenter/View/116/Real-Property-Tax-Exemption-PDF>

The applications must be received by December 15, 2020. If you feel like you have already completed the exemption application, or you do not wish to apply for exemption please contact us so we can review our files and note your account.

If you would have any questions or concerns please contact Sherlyn Wallace at
SQWallace@jacksongov.org, 816-881-3483 or Christina Drews at CDrews@Jacksongov.org, 816-881-3255.

Sincerely,
Jackson County Special Assessment Unit
