

Quarterly Regional Board Update 12-20-21

<u>1st Quarter Goals</u>	The Commission for Ministry Innovation ends the year in gratitude for the opportunity to lead the region in raising questions of innovation. I am glad to report that we were able to give a Transformation grant of \$5000 to Independence Boulevard Christian Church and participate in the initial vision team meeting for their community ministry.
<ul style="list-style-type: none">• Continue Church Planters cohort• Host Innovation Circles and Explore other options for Creating a Culture of Innovation in the Region• Schedule Innovation Lecture Series or Innovation Pitch Fest for Young Adults for Spring/Fall• Record 2 Innovation/Transformation Grant Spotlight Interviews• Podcast-like Episodes on Transformation Process/Innovation/Design Thinking• Consider outlining grant guidelines for 2022• Finalize 2022 Calendar	<p>In this final quarter, I continued to lead the second church planters cohort. We discussed their commitments to the Christian Church (Disciples of Christ) in October and in November, they each submitted and presented proposals for their vision of a new church. We also had a guest church planter, Rev. Sarah Pickrell to come and share as well as entertain a question and answer period about their church planting venture here in Kansas City.</p> <p>Another highlight of this quarter was the opportunity that I had to speak at one of our denominational colleges, Culver Stockton College. I had met with the VP of Marketing and Development earlier this year and she connected the College Chaplain and me. I traveled there to</p>

	<p>speak at an Arts and Culture Education Night. My topic: Who is my neighbor?: Design Thinking as a Strategy for Personal and Social Transformation – We live in a world that is ever evolving around us and unfortunately the evolution can often be halted by our heart's posture despite our intellect. If we are going to position ourselves to change the world, we must begin with the person in the mirror reconsidering and expanding their definition of neighbor.</p> <p>I was given the opportunity to assist in a few of the administrative operation functions of the region during Pastor Bill's sabbatical – primarily reviewing documents and signing checks. I also was able to be a part of the South Summit final steps towards the sale of the property. Again, primarily reviewing documents and signing contracts on behalf of the region to prepare and then to actually close the sale of the property.</p> <p>Lastly, I continue to remain open to building relationships with other denominational leaders around innovation. I had the opportunity to be apart of an innovation consulting team that met in Michigan for a weekend retreat with United Methodist Church innovators. These young adults were preparing to pitch their ideas for support in a variety of ways. I was excited to attend and share insights with my team as well as the young adults who attended.</p>
<u>GREATER KANSAS CITY REGION</u>	<p>Met with Local Pastors – Bill Kerns, Tabatha Johnson</p> <p>Meeting with Potential Church Planters</p> <p>Meeting with Park Hill CC – Search and Call [along with Interim RM Paxton Jones]</p>
