

Regional Minister for Ministry Innovation

Quarterly Regional Board Update 03-28-22

<u>2nd Quarter Goals</u>	The Commission for Ministry Innovation ends the year in gratitude for the opportunity to lead the region in raising questions of innovation. I am glad to report that we have been able to give out multiple grants to support the work of innovation. In this first quarter, we awarded grants to Broadway Church, Countryside Christian Church, Living Water Christian Church, and Community Christian Church. In this next quarter, we will complete the second church planters cohort. We discussed their church finances and will have presentations on Evangelism, Preaching, and Pastoral Care in the concluding meeting. Our first church planter to plant out of the first church planters cohort is doing very well. Pastor Dayson Marar has been faithful to God's call and the ministry he leads is fruitful as a result. This fruitfulness is evidenced in the launch of an additional community. Between both gatherings, he sees between 60 to 100 people on the weekend. He is also very well connected to our the CCDOC NAPAD constituency and will be preaching the Easter service gathering of about 1000 NAPAD
