

Ventilation

Cpap...BiPap...Ventilation...Ventilator settings...What is the best treatment for your patient? And what is the difference between Cpap and BiPap anyways? How do you know what settings to start with and when to adjust it?

Please join us as representatives from Concord Hospital's respiratory department and Zoll Medical guide us through the challenging world of managing respiratory distress patients.

Special Guest Instructors
Concord Hospital – Respiratory Therapist
Zoll Medical

This training will provide 2 hours towards the training requirements of the National Continued Competency Program.

Tuesday, January 22, 2019 at 6:30pm
Allenstown Fire Department

If you have any questions, please contact Stephanie Locke via e-mail at slocke@pembroke-nh.com. Reservations are not required to attend this continuing education opportunity.
