Naples Police Department Launches Operation Safe Streets II Traffic Safety Initiative

The Naples Police Department is proud to announce the launch of **Operation Safe Streets II**, a seasonal, targeted traffic safety initiative designed to reduce traffic violations and crashes throughout the city. Running from **October 2025 through May 2026**, the program, based on crash data and received public complaints, focuses on enhanced enforcement and community engagement to promote voluntary compliance with traffic laws and ensure safer roadways for all.

Safe Streets II builds on the success of last year's operation, which resulted in:

- **11,124** Traffic Stops
- **4,580** Traffic Citations (UTCs)
- **5,467** written warnings
- **3,389** verbal warnings
- **104** criminal charges

This year's initiative will continue to emphasize high-risk driving behaviors, with targeted enforcement in the following areas:

- Red light running
- Excessive speed
- Blocking intersections
- Distracted driving
- Aggressive driving
- Driving under the influence (DUI)

"Our goal is simple — to save lives and prevent crashes," said Naples Police Department Chief Ciro Dominguez. *"Through proactive enforcement and community collaboration, Safe Streets II reflects our ongoing commitment to making Naples' roads safer for everyone who lives, works, and visits here."*

The Naples Police Department urges all drivers to stay alert, obey posted traffic signs, and drive responsibly. Public safety is a shared responsibility, and Safe Streets II relies on the continued support of the community to be effective.
