PSI PRESENTS

PASCAL

HOLIDAY SHARING TREE

Pascal Seniors, Inc (PSI) will be hosting a Holiday Sharing Tree at Pascal Senior Center. This program is designed to match Pascal "Gift Givers" with our senior members in need of a brighter holiday season.

For Seniors: Creating Your Wish List

Share your holiday wishes! Let us help make your holidays a little brighter this year. We invite you to create a "Top 5 Wish List" of things you truly want or need - whether it's a warm blanket, a favorite treat, new slippers, or everyday essentials. We'll assign your list a private number to keep your identity confidential, and we'll place your holiday wishes on our Sharing Tree. Please fill out a wish list form today so we can share the joy of the season with you!

For Gift Givers: How to Participate

Be a holiday angel and share the joy! Bring holiday cheer to a senior spending the holidays without family by participating in our Holiday Sharing Tree. Simply select a number from the tree, which features a senior's "Top 5 Wish List". To ensure every gift reaches the right person, attach the numbered tag to the outside of the wrapped gift, return it to the front desk, and check off your number by the deadline so we can deliver your kindness in time for the holidays. Please keep each gift under $20.

Important Dates:

The Holiday Tree will be up by **Monday, November 16**. Please choose a numbered tag, and return gifts to the front desk by **Friday, December 11**. Santa will hand out gifts on Tuesday, December 22. All members are welcome to participate as either a recipient or giver.

The products and services described in this public announcement are not endorsed or guaranteed by this Senior Activity Center, the Department of Aging and Disabilities, or Anne Arundel County.

Anyone needing accommodations must contact the Pascal Senior Activity Center at 410-222-6680 or pascalcenter@aacounty.org at least seven days prior to an event. Individuals who use Maryland Relay may dial 7-1-1 for assistance. All materials available in alternate formats upon request.
