

Barley Field Day

May 14th @ 9 A.M

TENNESSEE VALLEY
RESEARCH & EXTENSION
CENTER

Researchers from the Alabama Cooperative Extension System, the Alabama Agricultural Experiment Station and Auburn University are hosting a free barley field day for growers who are interested in barley production in Alabama. This field day will include variety plot tours, management discussions, and insights to barley markets at the Auburn University's Tennessee Valley Regional Research & Extension Center. Lunch will be provided by Alabama Farm Credit.
