## **Don't Delay – Secure Alternative Coverage Now!**

Visit <a href="www.healthcare.gov">www.healthcare.gov</a> now to shop and compare insurance plans available in your area. We recommend that you select a plan and complete enrollment no later than December 15, 2016 for coverage to be effective on January 1, 2017. Finally, you must pay your first month's premium by your health plan's due date or you could lose your coverage. Each insurer is different, so pay careful attention to their due date.

Keep in mind, if you do not have health insurance from another source and you fail to complete enrollment through the Federal Exchange by January 31<sup>st</sup> 2017 - **You will not have health insurance in 2017**. The Open Enrollment window for the Marketplace ends and you can't enroll after that date. In addition, the government requires everyone to have health insurance or pay a penalty in addition to self-insuring yourself and your family for all health care needs.

# Charge Conference Compensation Forms Must Document Additional Income in 2017

If you are requesting the additional compensation in lieu of insurance, the amount of your 2017 annual salary must be correctly listed on the Charge Conference form. You must make an election to either accept the health insurance plan offered by the local church (if available) or request the additional compensation before your Charge Conference forms are completed and submitted to the District in late November.
