Show Your Support!

Running a child care facility today is an expensive endeavor. Finding and retaining quality child care teachers and employees is a priority for our CDC and being able to give them the tools they need to provide an excellent experience for our children helps us hold on to our staff. In addition, costs of materials and outside experiences continue to increase.

These are just some of the reasons we are starting a **FRIENDS OF SAINT MARK CDC** program. This annual program will give us additional funds to enhance our scholarship program, support classroom needs, as well as provide additional learning opportunities for our children.

Why join? A little extra support over and above tuition gives the CDC teachers the ability to provide special educational and social opportunities for our children and grandchildren!

**Becoming a Friend of the CDC is easy.
