## Dehumidifier

### OMNIPRO™ OPD190 LGR DEHUMIDIFIER

#### Engineered for Restoration. Built for Performance.

The OMNIPRO OPD190 is a high-performance Low Grain Refrigerant (LGR) dehumidifier, purpose-built for demanding water damage restoration applications. With robust moisture removal capabilities and energy-efficient operation, it's your go-to solution for structural drying in residential, commercial, and industrial environments.

#### Key Features:

- ▶ **Advanced Low Grain Refrigerant system delivers exceptional drying performance even in low humidity environments, accelerating job completion times.**
- ▶ **Removes up to 95 pints/day under AHAM conditions, making it ideal for large-scale restoration jobs.**
- ▶ **Delivers 386 CFM to circulate air efficiently and maximize drying coverage across affected spaces.**
- ▶ **Operates efficiently with a 8.5A draw, enabling multiple units to run on a single circuit — essential for jobs with limited power access.**
- ▶ **Integrated condensate pump with drainage hose for continuous, unattended operation.**
- ▶ **Durable, rotationally molded housing is easy to transport and store, perfect for restoration fleets.**
- ▶ **Intuitive interface for precise humidity control and job tracking.**
- ▶ **Uses R32 refrigerant, offering high efficiency with lower environmental impact.**
