for the entire NX family of products

NACECARE NUMATIC MICRO SCRUBBER

The 244NX optimizes the use of clean water by using a direct feed to the centre of the brushes. The centrifugal delivery of the water through the brushes minimizes overall water usage, has no messy spray-off and increases efficiency by reducing the time-consuming refills required.

BUY NOW

NACECARE NUMATIC WALK BEHINDSCRUBBER

Compact and Cordless convenience with support at your fingertips. With up to 80 minutes of run time & 5 gallon solution capacity. TGB 516NX is the professional choice in a auto-scrubbers. It cleans all those tight areas that other auto-scrubbers can't get into and is a labour saving upgrade from a mop and bucket.
