HARD SURFACE CLEANING TOOLS

SX-15

Leave the competition behind! Make quick work out of any job with the industry's most advanced hard-surface tool.

Industry-leading 15" cleaning path allows you to clean 25% faster than 12" models

BUY NOW

SX-12

Aerodynamically engineered radial vacuum line creates a laminar-flow vortex in the cleaning head that allows the SX-12 to remove water twice as fast as competitive models.

BUY NOW

SX-7

The new design for the SX-7 expands on the versatility of the original by combining two tools into one combining both a handheld and an upright tool into one.

The SX-7's teardrop shape and front jet allows it to clean closer to walls and corners than any other tool on the market.
