SELECT CLASSES* IN 2021 &
SAVE 20%**

Safety Express provides industry leading training and continuing education, offering a wide range of certification and general safety courses online, at our facilities or customized private courses at yours. Our goal is to partner with you in the success and growth of your organization by providing high-quality education which will result in:

- Increased competitiveness
- Increased productivity
- Ability to provide diversified services
- Satisfaction, motivation and mobilization of staff
- Professional conduct and attitude
- Decreased liability, a better final product and satisfied clients who will refer you and call again.

Why train with us?

Top instructors with real-life experience who are passionate for what they do and want to pass that along to their students:

- Comfortable classrooms with all the amenities allowing participants to concentrate on learning
- Maximum hands-on opportunities in each class featuring our Hands-On training facility in Montreal, Québec
- Hundreds of classes right across Canada to fit your schedule

IICRC TRAINING SERIES

The IICRC certifies and develops industry-wide certifications and standards for inspection, cleaning and restoration.

The IICRC also serves as a valuable consumer referral source for certified technicians and firms.

Our Flood-House is the first authentic house to be approved by the IICRC in Canada allowing students to learn disaster recovery by simulating real situations.

SAFETY TRAINING SERIES

Our Safety Training Series offers general safety and mandatory government regulation courses to keep you and your team at the forefront.

We also offer a variety of continuing education and industry specific specialty courses.
