Get quality products at the lowest prices every day!

Safety Express consistently works toward maintaining competitive prices on every item we carry and will match the price of other stocking distributors according to the guidelines below. Our goal is to provide peace of mind knowing you are getting quality products at lowest prices every day. We strive to provide a one-stop shop for your consumables, parts, and equipment to save you time, money, and effort.

How does it work?

If you find an identical in-stock item for less at a Canadian competitor or webstore, simply present the details to our Sales or Customer Service team using the website, print-out, or flyer and we will match it.

What products qualify?

- Identical items, brand, size, weight, quantity, and model number.
- New, in-stock, factory sealed product with a warranty.
- Products that are not competitor close-outs, clearance, liquidation, or damaged items.
- Item must be sold by an authorized dealer located in Canada.

What is the fine print?

- A valid competitive ad, quote or invoice must be presented at the time of the order.
- Competitors' prices must be in Canadian dollars and will be adjusted for any taxes, fees, or shipping.
- The Price Match Policy is applicable only at the time of purchase and will not apply to previous purchases. No rain checks will be offered.
- Quotes received during storm events must indicate that the item is in stock and available to ship.
- A price match for products ordered on a re-occurring basis will be valid for a period of 30 days.
- Safety Express reserves the right to limit quantities or deny a price match if it does not meet the qualifications.
