TITAN HYDROXYL GENERATORS

The International Ozone TITAN™ hydroxyl generators provide safe and chemical free air purification and deodorization. The 365 n-m to 385 n-m UVA rays emitted from Titan's TiO₂ Photocatalytic lamps pass through a permanent anatase TiO₂ coated super Reactor screen which is designed to hold the maximum amount of highly reactive nano sized anatase titanium dioxide, and as a results, electron hole pairs are formed that react with H₂O and O₂ in the air and produce free electrons and hydroxyl radicals that, when dispersed by the fan, will decompose organic and inorganic gases and air pollutants into carbon dioxide and water.

TITAN 1000 HYDROXYL GENERATOR

Titan 1000 Hydroxyl Generator is rated for 10,000 cu/ft treatment area. This is the smallest hydroxyl generator offered and can be used for all residential applications.

BUY NOW

TITAN 2000 HYDROXYL GENERATOR

Titan 2000 is rated for 20,000 cu/ft treatment area when paired with Hydroxyl Maximizer Humidity generator (included with unit).

BUY NOW

TITAN 4000 HYDROXYL GENERATOR

Titan 4000 is rated for 40,000 cu/ft treatment area when paired with our Hydroxyl Maximizer Humidity generator (included with unit).

BUY NOW

Offers valid until December 31st 2021.
