Dear Friends,

At The Salvation Army, our mission is to meet human needs without discrimination. One of our many programs that achieve our mission is our food pantry. We assist 175 families per week. We have been using a drive thru model due to the pandemic. We are excited to announce that beginning May 3rd, we are going back to our choice pantry. People will be allowed to come in our pantry and choose their own food. This will also allow us to make more personal connections with those who use our pantry. We are looking forward to having people back in our building!

With this comes the need for more volunteers who are willing and able to have contact with individuals who use our pantry. We have Covid-19 precautions in place to help keep everyone safe and healthy. Our pantry is open Monday-Friday 9am-Noon & Thursday evenings 5pm-6:45pm. Beginning May 3rd, volunteer hours are 8:30am-10:30am, 10:30am-12:30am, Thursday evenings 4:30pm-7pm.

This is a great opportunity for small groups, youth groups, families, and staff to get involved in helping our community. We would greatly appreciate any help in letting your organization know about our volunteer needs. If someone is interested in volunteering they can call or email and I am happy to answer any questions. We also use sign up genius which allows volunteers to see dates/times of opportunities and sign up. Below is the link.

Please feel free to contact me with any questions.

Sincerely,

Erin Andrews

Emergency Assistance Caseworker/Volunteer Coordinator
