

REGISTER CHANGE LIVES!

How to REGISTER to VOTE!

Voting is **really important** because . . .

WHO and **WHAT** we vote for . . .

CHANGES what happens in our **LIVES!**

In order to vote, we need to **REGISTER**. Registering means that California will have certain information about us - such as our **name** and **where we live** - so they can **count your vote** in the election. You only have to register once in your whole life.

Step 1: Type <http://disabilityvotecalifornia.org/> or <https://registertovote.ca.gov> online. Click "**Register to vote now**"

Step 2: Answer the **Questions**.

- Name?
- Are you at least 18 years old?
- Are you a U.S. citizen?
- Do you live in California?
- Do you need **accessible voting materials**? (✓Yes)
- Do you have someone to help you to vote? Choose a family member, a friend, or **someone you trust to support** you to answer the questions. **Afterall, we all need support!**

Voting is **exciting, important**, and **fun!**
After you register to vote, you are **one step closer to making our lives better!**

Congratulations!
