

## Saint Anthony of Padua

Feast Day: June 13<sup>th</sup>

Saint Anthony was born Fernando Martins in Lisbon, Portugal, in the early 13th century. He was born into a wealthy family and by the age of fifteen asked to be sent to the Abbey of Santa Cruz in Coimbra, the then capital of Portugal. During his time in the Abbey, he studied theology and Latin. Following his ordination to the priesthood, he was named guestmaster and was responsible for the abbey's hospitality. Fernando eventually received permission to leave the Abbey so he could join the new Franciscan Order. When he was admitted, he changed his name to Anthony. Anthony then traveled to Morocco to spread God's truth, but became extremely sick and was returned to Portugal to recover. As he recovered, Anthony spent his time praying and studying.

Some time later, Dominican friars came to visit the Franciscans and there was confusion over who would present the homily. The Dominicans were known for their preaching, thus the Franciscans assumed it was they who would provide a homilist, but the Dominicans assumed the Franciscans would provide one. It was then the head of the Franciscan hermitage asked Anthony to speak on whatever the Holy Spirit told him to speak of. Though he tried to object, Anthony delivered an eloquent and moving homily that impressed both groups.

Anthony occasionally taught at the universities of Montpellier and Toulouse in southern France, but he performed best in the role of a preacher. So simple and resounding was his teaching of the Catholic Faith, most unlettered and the innocent could understand his messages. It is for this reason he was declared a Doctor of the Church by Pope Pius XII in 1946. Once, when St. Anthony of Padua attempted to preach the true Gospel of the Catholic Church to heretics who would not listen to him, he went out and preached his message to the fish. This was not, as liberals and naturalists have tried to say, for the instruction of the fish, but rather for the glory of God, the delight of the angels, and the easing of his own heart. When critics saw the fish begin to gather, they realized they should also listen to what Anthony had to say. He was only 35 years old when he died and was canonized less than one year afterward by Pope Gregory IX.

St Anthony is venerated all over the world as the Patron Saint for lost articles, and is credited with many miracles involving lost people, lost things and even lost spiritual goods.
