B.L.E.S.S. Throughout the Seasons

As we walk through the different seasons in 2023, we want to help you focus on each of the B.L.E.S.S. elements so you can start and continue relationships with your neighbors or those around you.

E: EAT

It's amazing how sharing a meal with others helps break through certain barriers. Jesus knew this and did it often. Strengthen your relationships with the neighbors you are praying for by sharing meals and spend time with them.

B.L.E.S.S. BACK-TO-SCHOOL IDEAS

1) Invite a school-friend family out for frozen yogurt after school one day. Start conversations on what they are excited about or concerned about in the upcoming school year.

2) Host a dinner and a movie night for a neighboring family. Create a dinner menu themed around the movie. Start conversations around favorite movies.

3) Invite neighbors to a local football game and coordinate getting dinner before or after the game. Start conversations around high school memories.

In practicing the **B.L.E.S.S.** model, we have 5 everyday ways we can love our neighbors and change the world.

Ask God how He wants me to BLESS the people in my life and the places I'm in.

Don't talk but listen and discover the needs of others and the places God is at work.

Share meals and spend time with those in my life (neighbors, co-workers, other parents, etc.).

Respond to the needs of others and help them in practical and impactful ways.

Share the story of Jesus and what He has and is doing in my life.
