

We're excited to announce the strategic partnership between the Arab Foundations Forum and the [Resource Alliance](#) (RA), which works globally to strengthen the social impact sector, by helping organizations of every size and type to develop the critical human, financial, and intellectual resources necessary to build a better world. It does this by providing a platform, both online and in-person, for fundraisers and changemakers to collaborate, share ideas and learn from one another. Most recently their fully virtual International Fundraising Congress - [IFC Online](#) - brought together 1,200 fundraisers and changemakers from 85 countries for a week of inspired learning and sharing!

Through this partnership, AFF and the RA will collaborate to provide opportunities for NGOs and philanthropists in the Arab region to connect and share knowledge, learnings, case studies, opportunities, and challenges. We will also co-create content pertinent to the social impact and philanthropy community in the Arab region via the [Resource Alliance Global Community](#) and share resources so as to increase understanding of philanthropy in the region with a global audience.

This strategic partnership will deliver exclusive, tangible benefits to AFF members who will have the opportunity to sign up to be part of the Resource Alliance Global Community at a **special discounted rate** and benefit from year round learning and networking opportunities, including IFC and Fundraising Online.
